## Heavy Duty Padlock Seal

Part # 90701A

The DMC Heavy Duty Padlock Seal is the perfect solution for applications requiring a stronger breaking strength than standard tamper evident seal. The HD Padlock Seal offers increased tensile strength, are highly tamper evident, and are laser engraved with a unique serial number.

The HD Padlock is the perfect solution for Lockout/Tagout (LOTO) programs. Accidental energizing or start up of machinery can easily be prevented when using this padlock seal during maintenance or repairs.

The additional strength makes the seal ideal for applications that are exposed to rough or extreme environments. Railcar and tractor trailers can benefit from the overall toughness and durability of the HD Padlock Seal.

### APPLICATIONS:

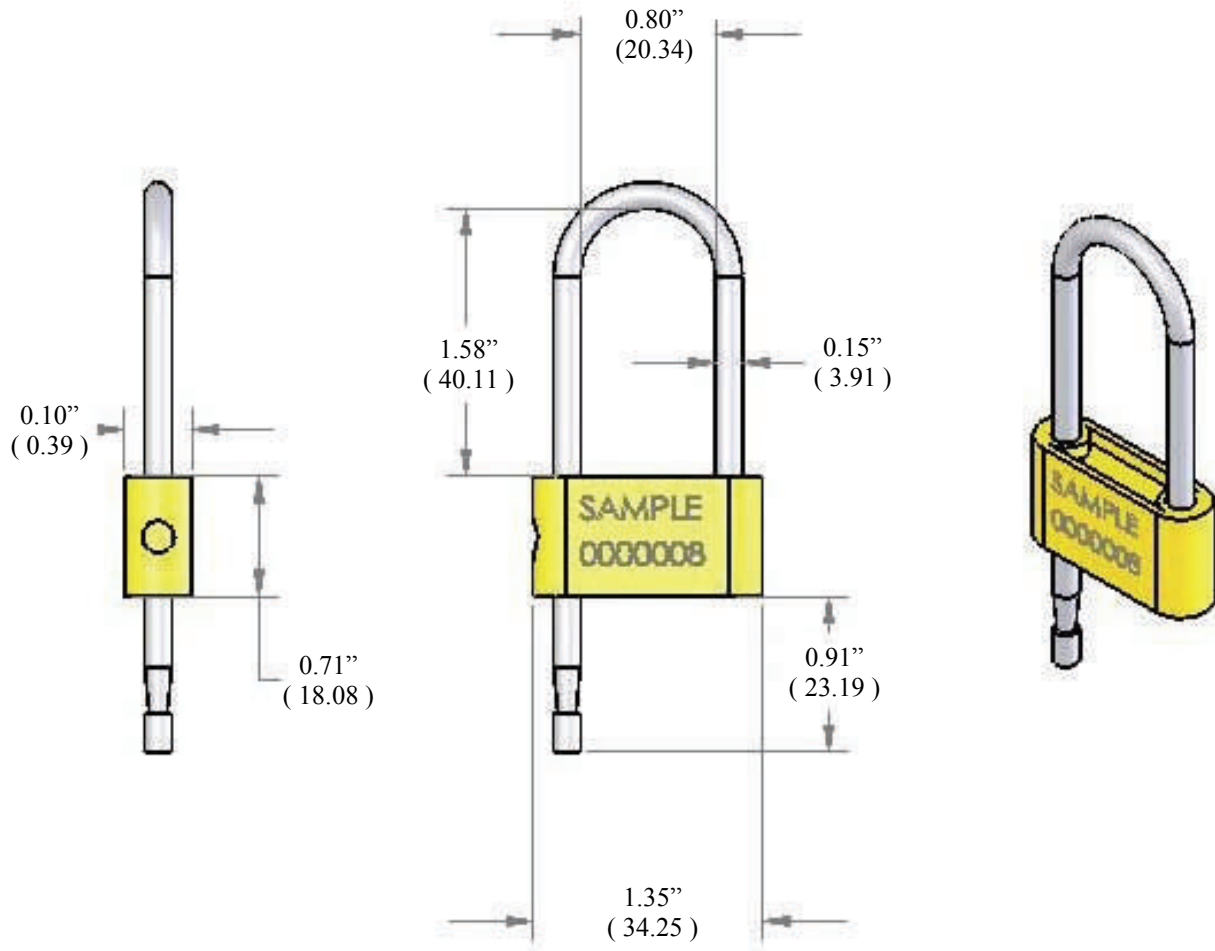

- Lockout Tagout (LOTO) Applications
- Railcars
- Cargo Trailers
- Hoppers
- Electrical Boxes / Control Panels
- Liquor Storage Cabinets
- Any application where a padlock hasp is available
